Fish

The forgotten victims

No welfare standards exist for the handling and killing of ocean-caught fish ... and farmed fish fare little better.

Is this the greatest animal welfare scandal of our time?

79% of EU citizens want better welfare on their fish!

3. Producers care – a sensitive issue

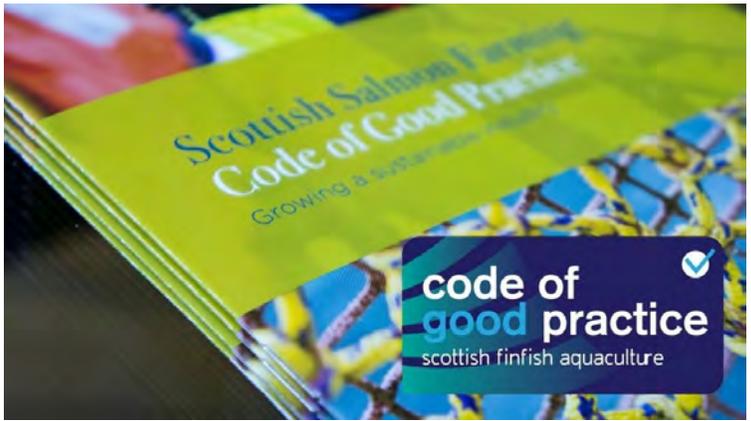

INVESTOR BRIEFING NO. 23

MARCH 2016

Animal Welfare in Farmed Fish

Dr Martin Cooke

4. The fish care – happy fish are healthy fish

STRESS-FREE SALMON

What's good for fish is good for you.

5. One size may not fit all...

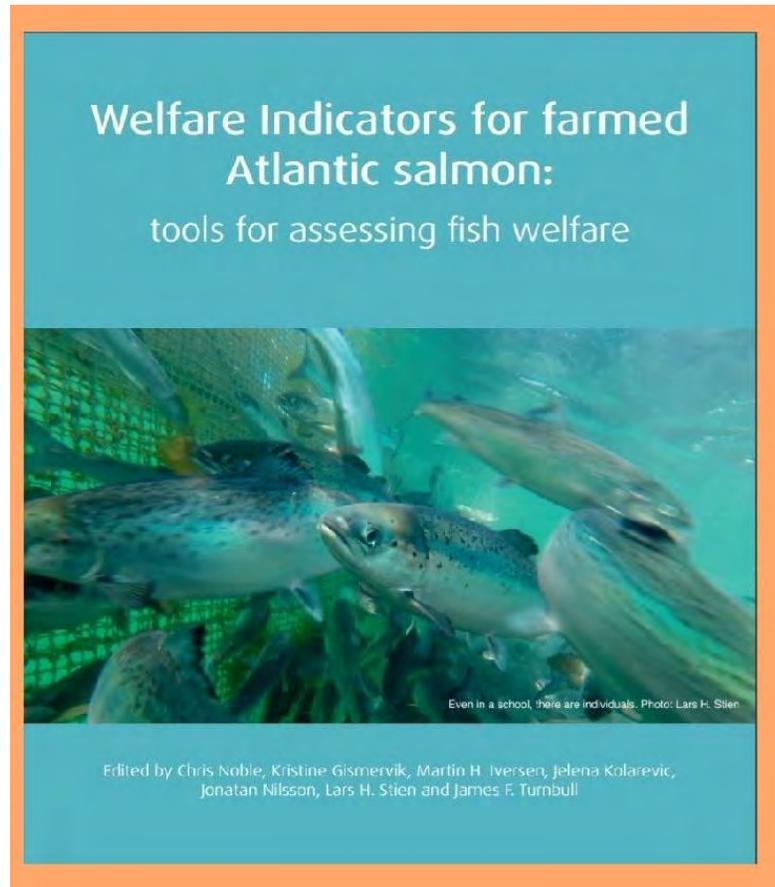

~ 250 species of fish are farmed in some way

None are truly domesticated

Welfare needs unknown for most of them

6. We need solutions: Operational Welfare Indicators
